

## TAPESTRY •

Weaving together technology,  
information, and partners to build a grid  
that can **power our future.**

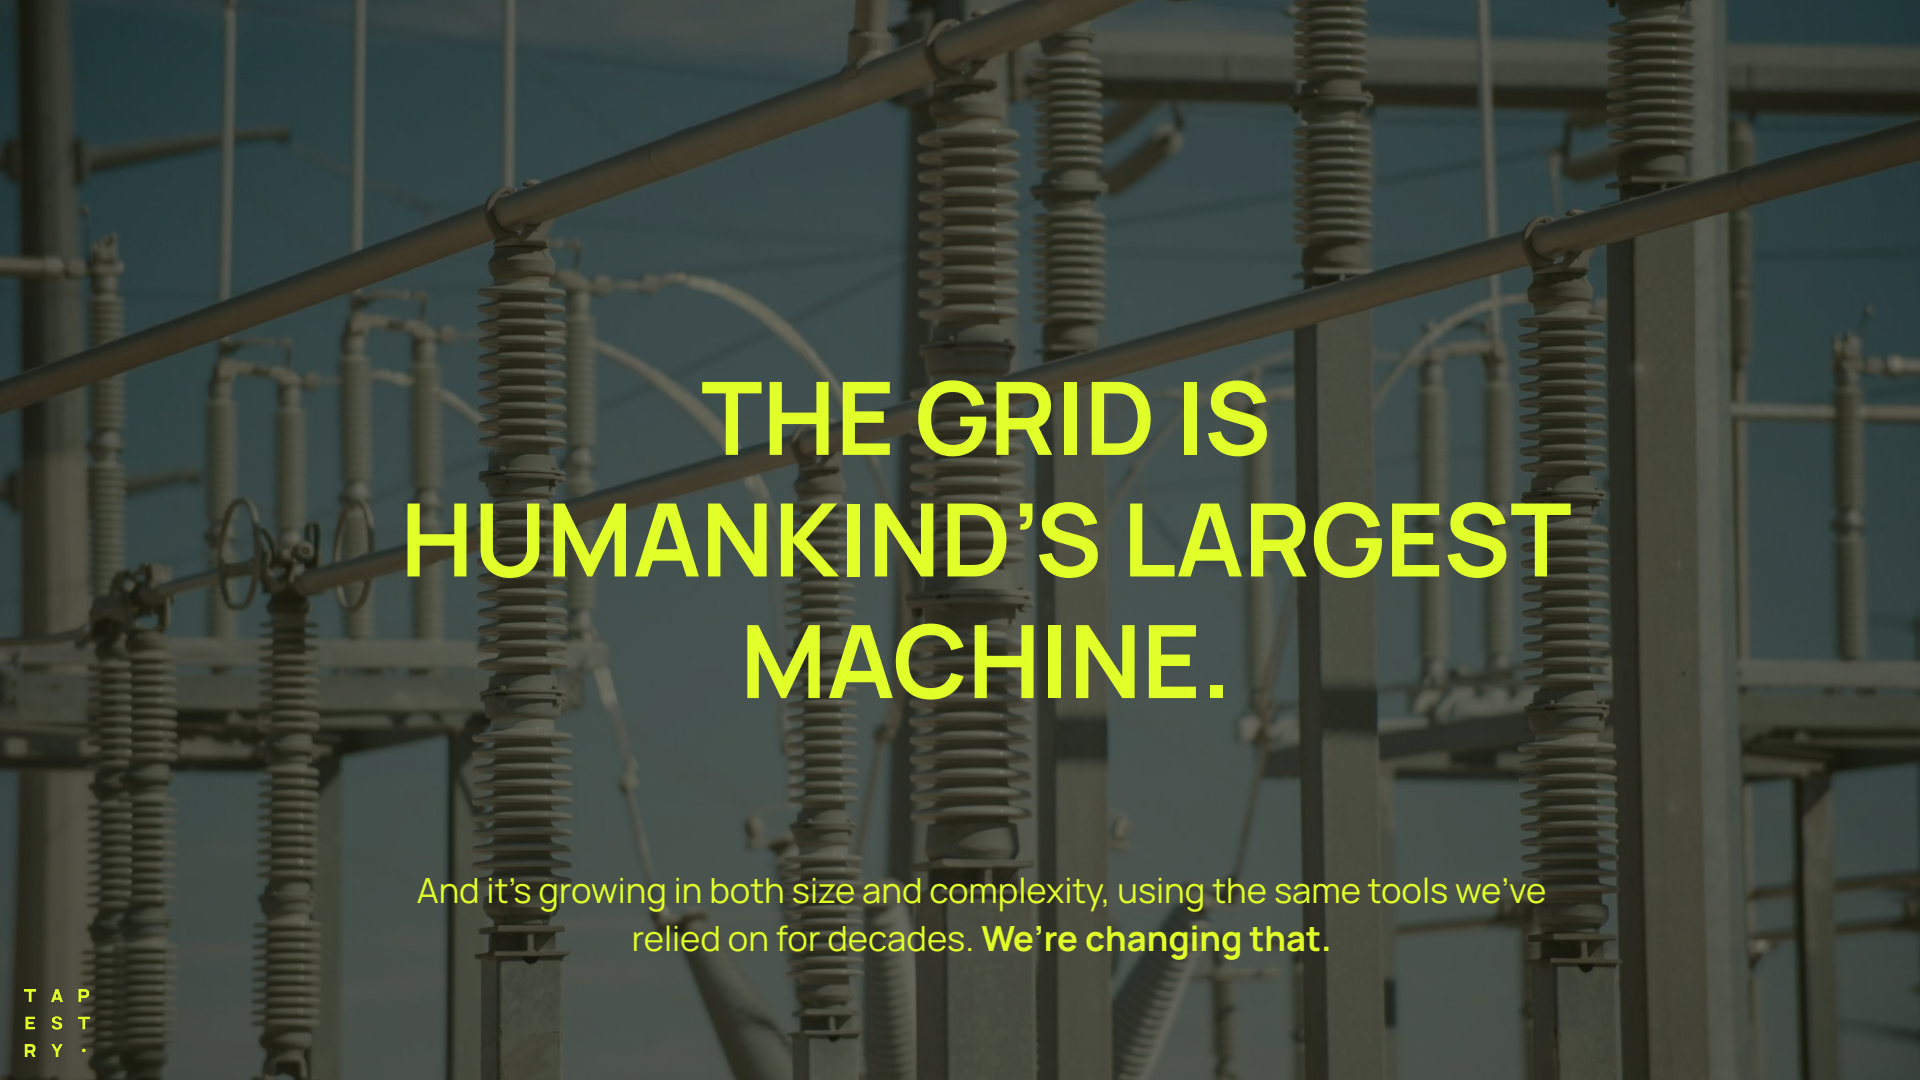

# The Moonshot Factory

## OUR MISSION

Invent and launch  
breakthrough  
technologies that  
make the world a  
radically better  
place.

SERGEY BRIN + LARRY PAGE

# THE GRID IS HUMANKIND'S LARGEST MACHINE.

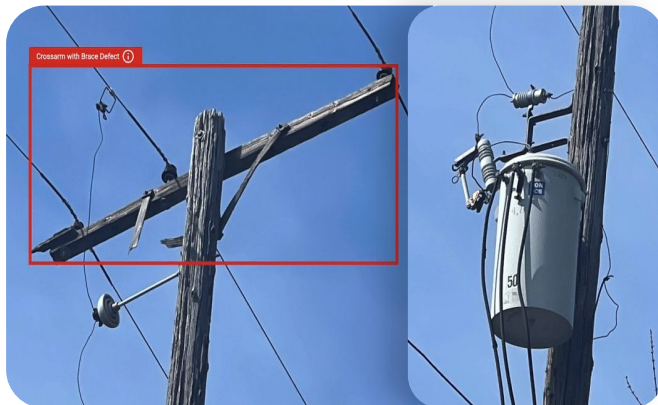

And it's growing in both size and complexity, using the same tools we've relied on for decades. **We're changing that.**

# Our AI-powered grid management and planning tools are helping partners around the world deliver reliable, affordable energy

## MANAGE

GridAware

5x faster  
inspections

221% improved  
visibility

83% more  
efficiency

## PLAN

Grid Planning Tool

30x speedup  
of simulations

Integrated  
workflow

Single-click  
analysis

# AI-powered defect detection

TAP

RY

# Interconnection application automation

## Faster approvals

Automatic checks speed up new energy connections

## Verifies requirements

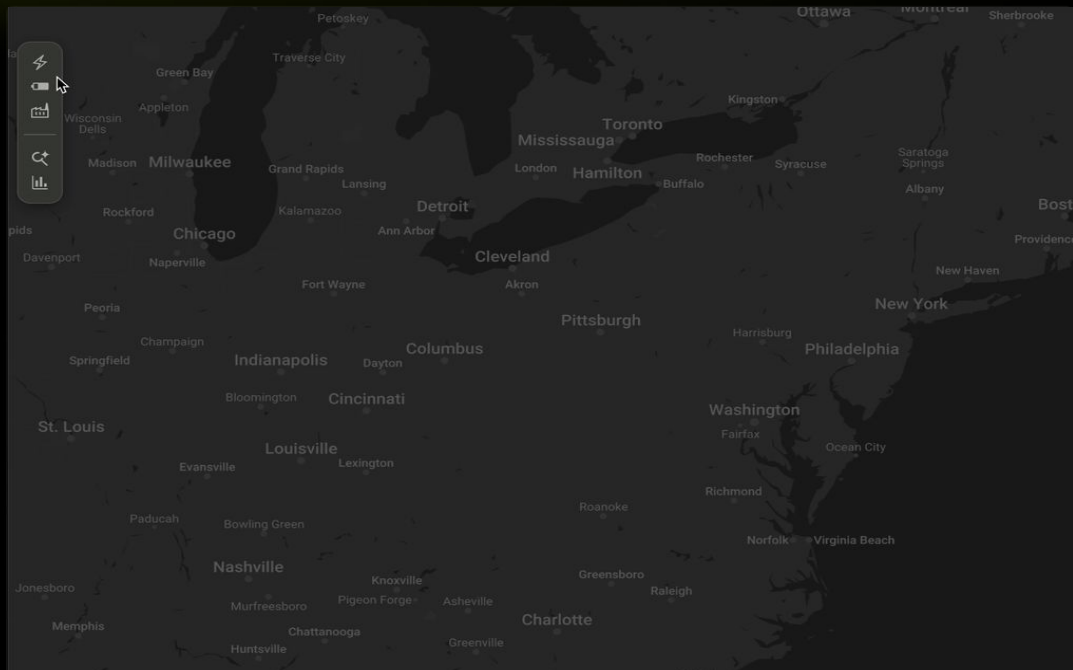

Instantly confirms land rights, equipment, grid impacts

## Streamlined process

Easier application process for developers and PJM

# Electricity powers prosperity

*Source: 2025 Deloitte impact study commissioned by Google and Tapestry*

Of a country's GDP can be linked to how much electricity their people use

42%

Estimated annual GDP boost with accelerated energy infrastructure investment in PJM region

\$20.9B

Estimated increase in total construction jobs in PJM region

5%

By working together, we can ensure

**NO ONE IS LEFT IN THE DARK.**
