COALITION**

**Neighborhood Scale
Decarbonization**

BDC's Members

Our members include manufacturers, regulators, utilities, state agencies, labor unions, environmental and climate justice groups, and other major market actors.

buildingdecarb.org/about-us/our-members

BDC's Multi-pronged Approach

- Create a policy **roadmap**
- Inspire **consumers**
- Engage the **workforce**
- Expand **manufacturing**
- Guide **regulation**
- Support **utility** transformation

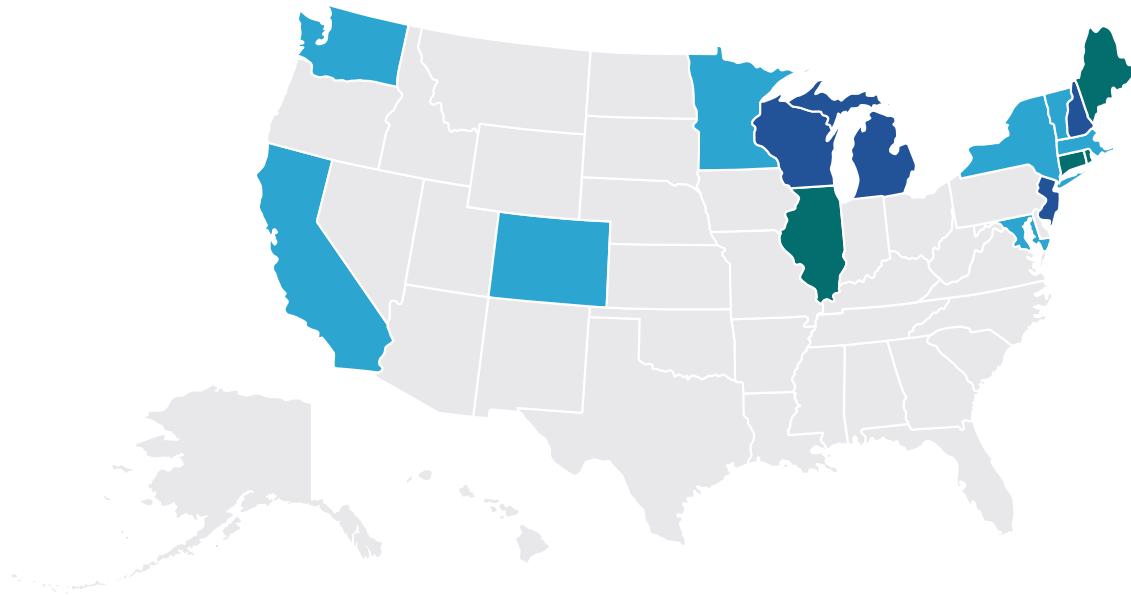

Thermal Energy Networks at Neighborhood Scale

- Equitable and affordable
- High road path for workers
- Emissions reductions on masse
- Benefits to the electric grid

Thermal Energy Network Legislation

■ Passed Legislation ■ Filed Legislation ■ Considering Legislation

MA - An Act Driving Clean Energy (2021-2022)

MN - Natural Gas Innovation Act (2021 & 2024)

NY - Utility Thermal Network & Jobs Act (2022)

CO - Thermal Energy Act (2023) & Neighborhood Scale (2024)

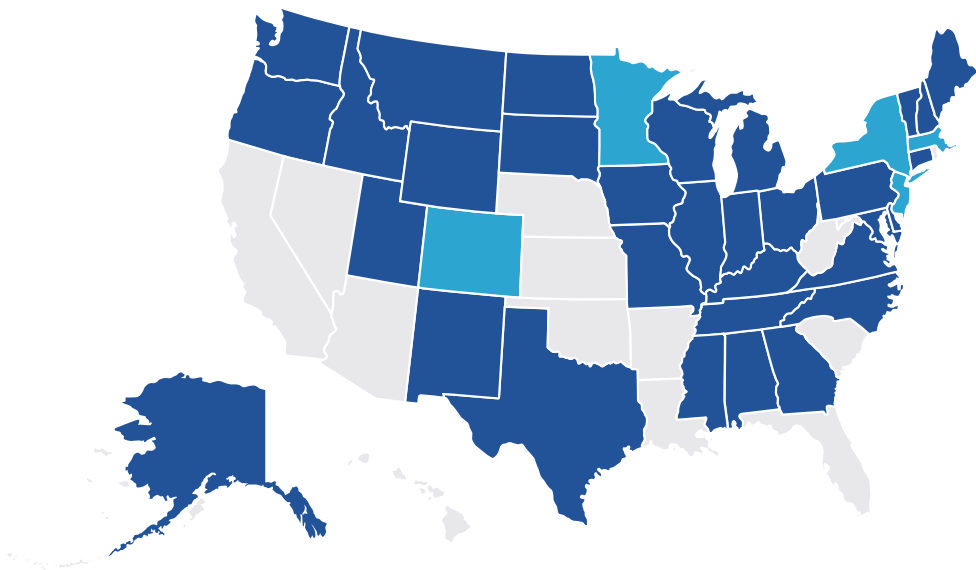

WA - Promoting the Establishment of Thermal Energy Networks (2024)

MD - WARMTH Act (2024)

VT - Act relating to Thermal Energy Networks (2024)

CA - Gas corporations: ceasing service: priority neighborhood decarbonization zones (2024)

Utility Interest

Gas Utility Pilots
