

Off-site Construction and Building Energy Codes

Arah Schuur

NASEO Annual Meeting

October 14, 2021

NEEP Region - Building Energy Codes

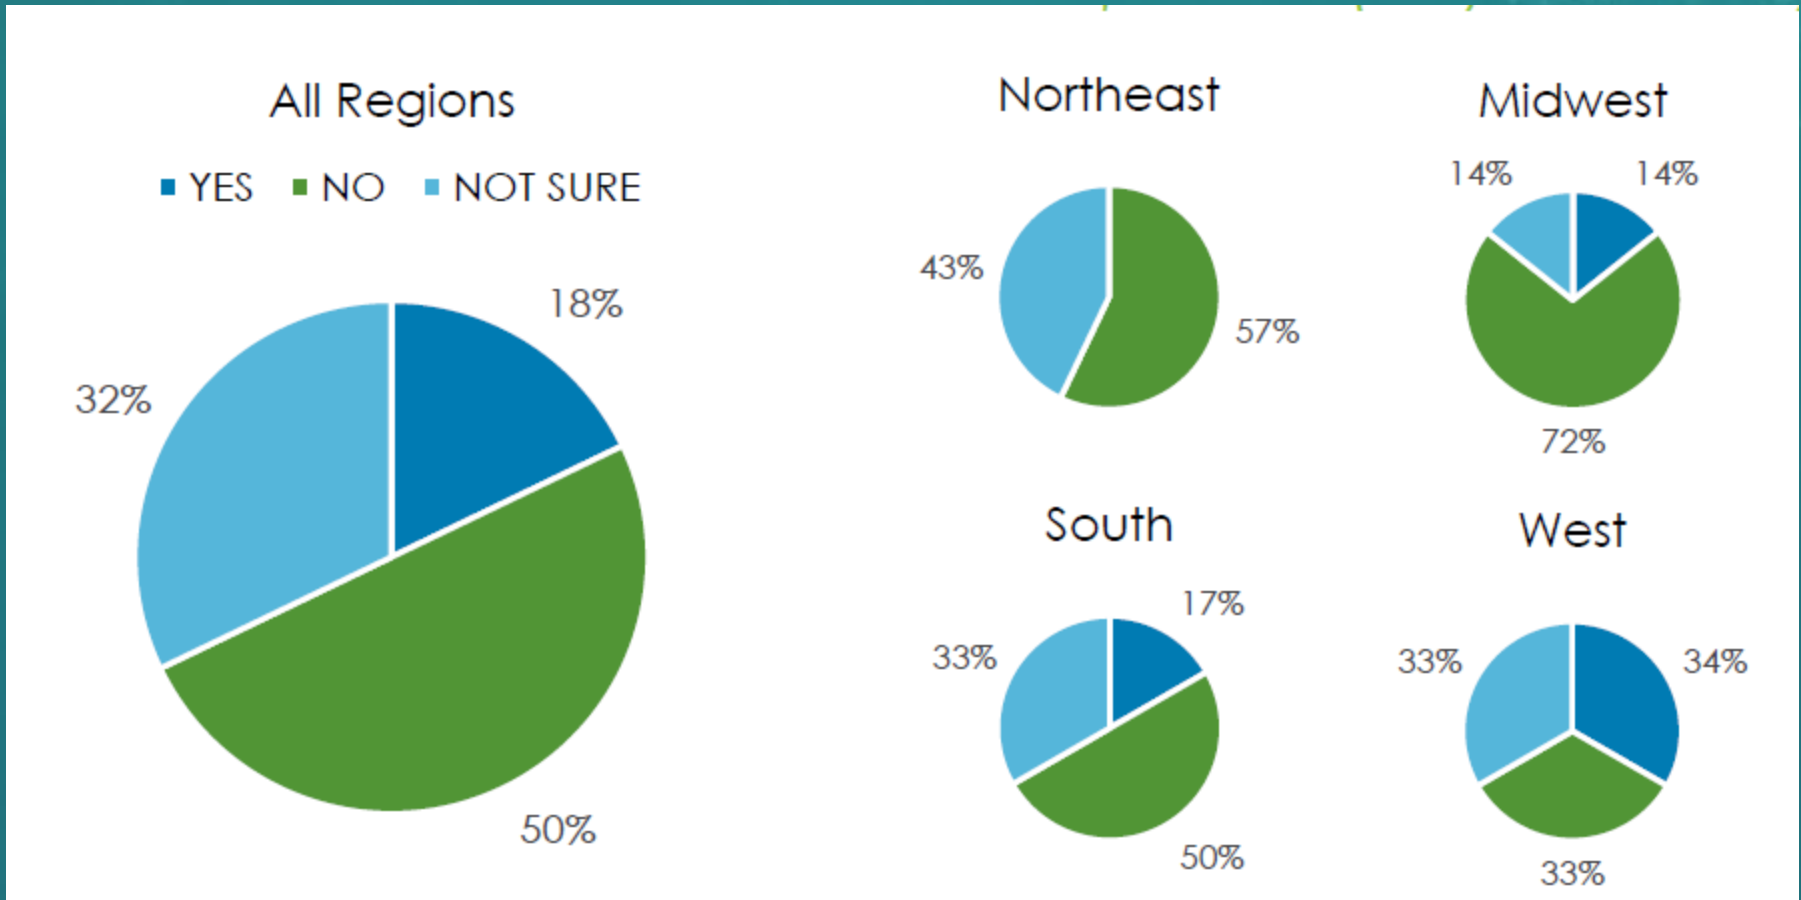

Remote Virtual Inspections (RVI)

- Eliminates travel time
- Streamlines inspection process
- Could improve efficiency and effectiveness of inspections
- Safe in COVID era
- Can be stored electronically
- Can help diversify and grow the workforce

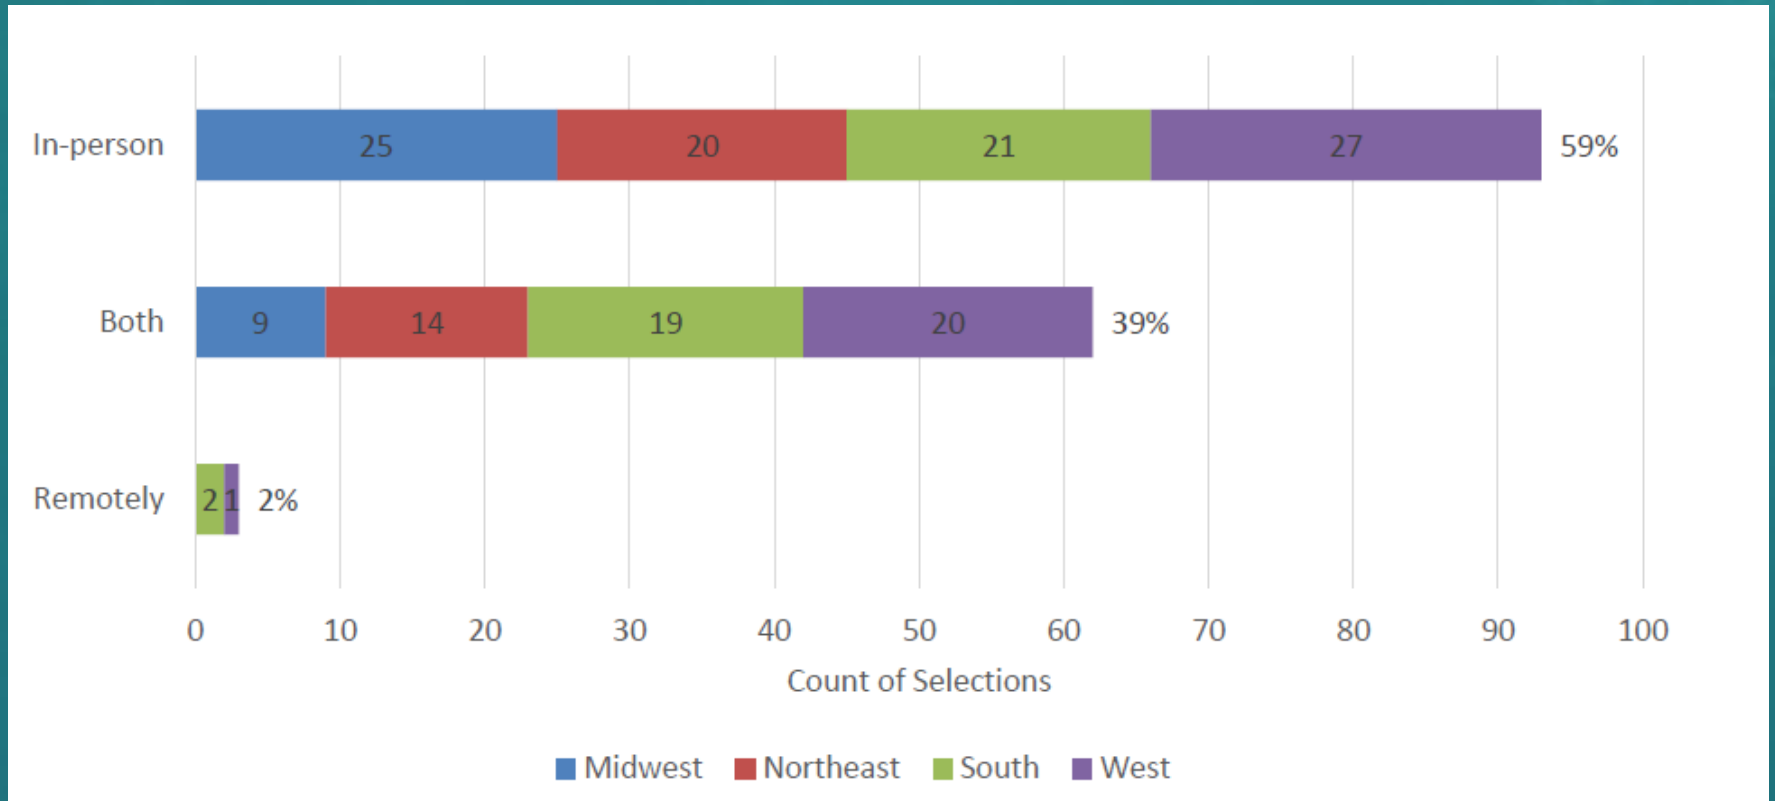

Are Remote Virtual Audits available?

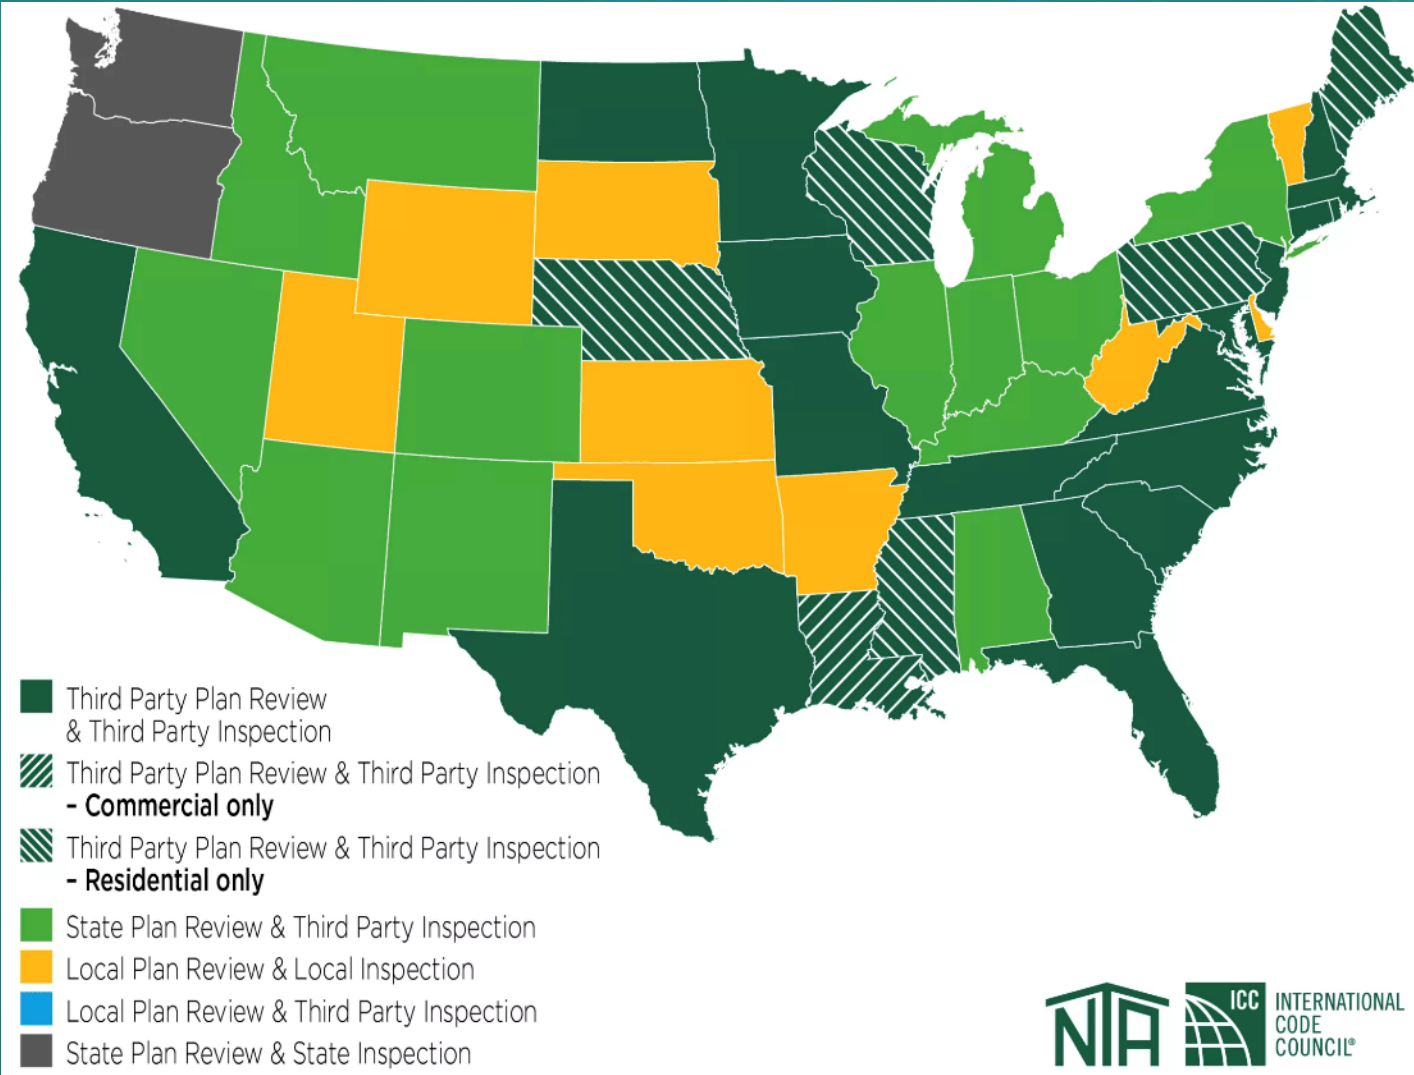

Builders/Contractors + Product/Component Manufacturers (28)

Does your jurisdiction perform Remote Inspections?

Jurisdictional Respondents (158)

State Regulation of Off-Site Construction

Takeaways and Next Steps

- Gains in remote / virtual inspection and compliance may be fleeting without support
- With support, RVI could create benefits for the construction and code compliance fields
- There is a need for guidance, education, and other support to overcome persistent barriers

States/Cities are a key to this success!

Thank You!
